

CANA ROSÉ OF CABERNET SAUVIGNON 2024

Cana Vineyards' rosé program reflects winemaker Melanie Natoli's focused commitment to intentional, serious rosé. The winery now produces three distinct, award-winning rosés, each designed to highlight elegance and site expression. The Rosé of Cabernet Sauvignon represents the most mineral-driven expression in the portfolio.

VINTAGE NOTES

The 2024 season delivered a second year of dry conditions, resulting in exceptionally clean fruit with concentrated flavor and natural acidity. Smaller yields enhanced balance, providing ideal Cabernet Sauvignon for a fresh, aromatic rosé defined by clarity, minerality, and lifted fruit expression.

WINEMAKING NOTES

Cabernet Sauvignon was direct-pressed with no maceration and cold-fermented in stainless steel to preserve freshness and aromatics. The wine rested three months in tank before bottling, with a restrained, minimal-intervention approach. Sterile filtration ensured clarity and stability without compromising texture.

TASTING NOTES

Highly aromatic and layered, showing sea-salt minerality, mandarin citrus, and light herbal notes on the nose. The palate reveals juicy nectarine and ripe strawberry with an ethereal, elegant texture. Delicate and refined, this rosé earned **Gold Medals** at the **2025 Women's Wine Competition** and **2025 Experience Rosé**.

APPELLATION	Nelson County, Virginia
VINEYARDS	Silver Creek Vineyard
VARIETAL COMPOSITION	100% Cabernet Sauvignon
FERMENTATION & AGING	Direct-pressed. Aged in Stainless steel for 3 months
ALCOHOL	12.6%
PH	3.39
TOTAL ACIDITY	6.53 g/L
RESIDUAL SUGAR	Dry
