

LOST CREEK CHARDONNAY 2022

Lost Creek Winery crafts elegant, estate-grown wines that reflect the distinctive mountain and valley terroir of Loudoun County. Focused on small-lot production, meticulous vineyard care, and thoughtful barrel aging, Lost Creek balances tradition and innovation to produce refined, expressive wines that showcase Virginia's unique sense of place.

VINTAGE NOTES

The 2022 growing season in Loudoun County brought warm days, cool nights, and a long, even ripening period. Moderate rainfall supported steady vine development, while late-summer sunshine allowed for optimal flavor concentration and balanced acidity. An ideal year for crafting expressive, well-structured Chardonnay with elegance.

WINEMAKING NOTES

Lost Creek's 2022 Chardonnay is 100% estate grown in Loudoun County near the Potomac River. Whole-cluster pressed and crafted with minimal intervention, it's fermented in stainless steel, blending 70% non-MLF and 30% full-MLF wine for freshness, balance, and refined texture that reflects true vineyard expression.

TASTING NOTES

The 2022 Lost Creek Chardonnay showcases crisp aromas of green apple, pear, and citrus zest. Stainless steel fermentation preserves purity and freshness, revealing a bright, clean palate with balanced acidity and a refreshing, mineral-driven finish. **Scored 90 points from James Suckling.**
